

It is not neon.
It is a **NEW LED** technology.

Magic!

Illuminare con arte un museo,
rendere fashion una discoteca,
spettacolare uno studio televisivo,
scenografico un cantiere,
originale un centro commerciale
o una insegna luminosa di un negozio.

Now it's possible.

METODO DI FISSAGGIO APPLICAZIONI ESTERNE IP67

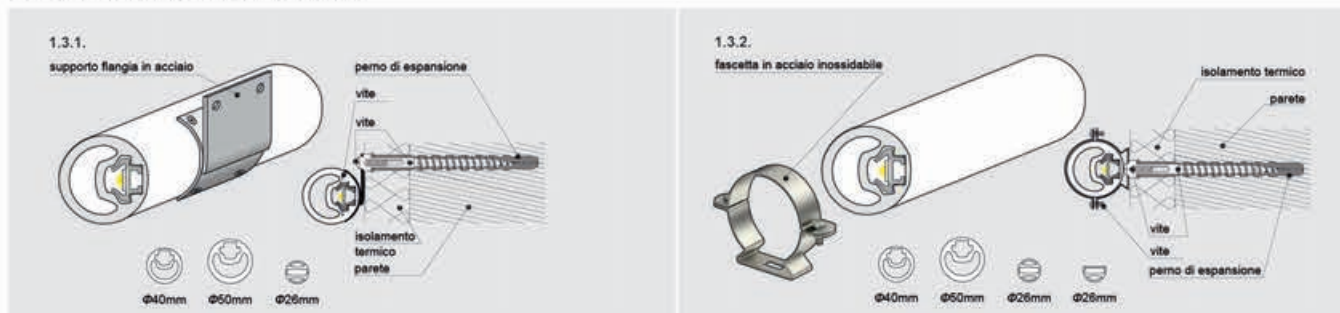

1.1. Montaggio sulle pareti (mattoni, calcestruzzo, blocchi)

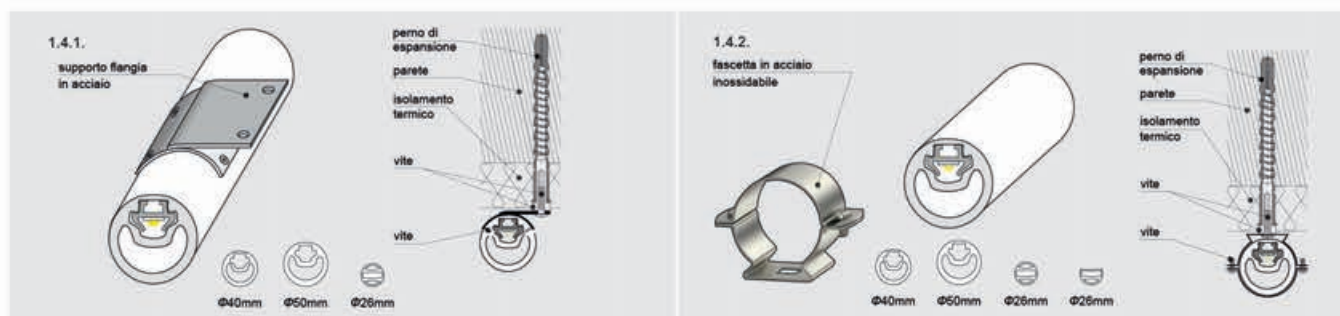

1.2. Sospeso a soffitto (es. calcestruzzo)

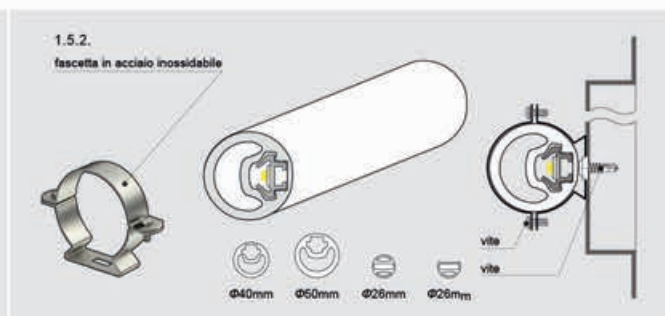

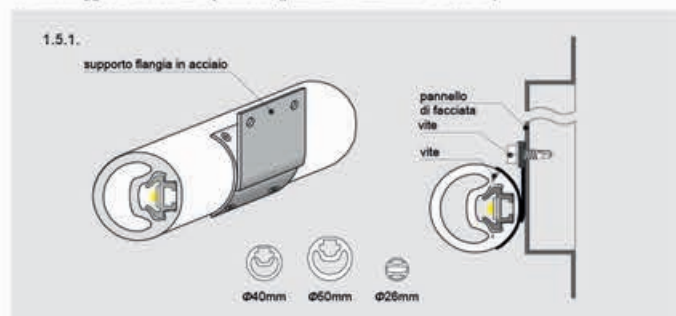

1.3. Montaggio a parete (con isolamento termico)

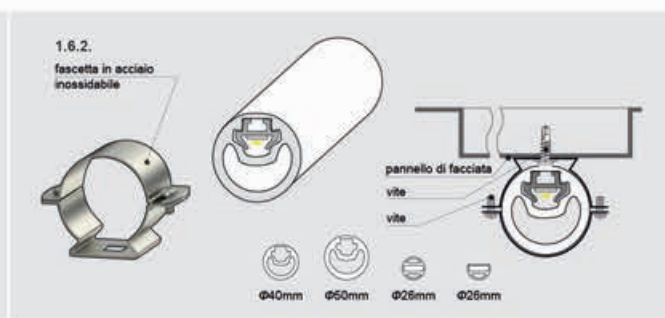

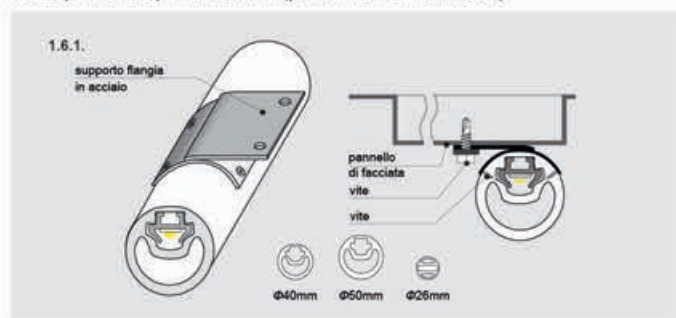

1.4. Sospeso a soffitto (con isolamento termico)

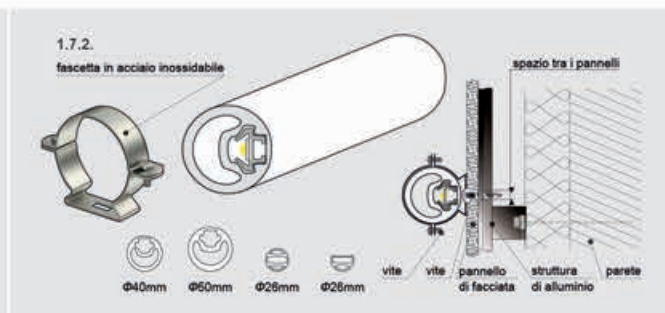

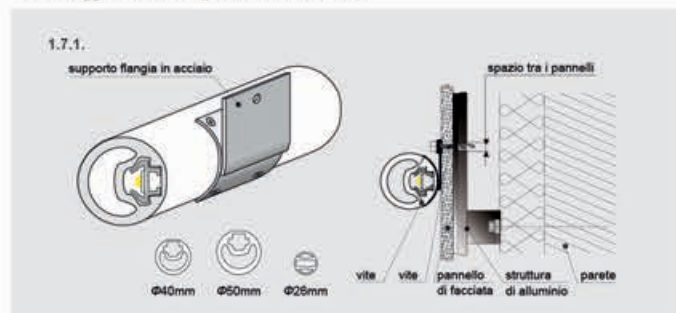

1.5. Montaggio su facciate a pannello (pannelli in alluminio e acciaio)

1.6. Sospensione su pannelli a soffitto (pannelli in alluminio e acciaio)

1.7. Montaggio su facciate (piastrelle in ceramica)

1.8. Montaggio su superfici di vetro
